### Reports Two Fliers In Good Health

Along Kong, May 13 (AP)—Capt. Alexander H. Finnie of the British steamer Hunan said today the two American fliers freed from Communist China were in "bloody good health and excellent spirits."

The fliers, Marine Master Sgt. Elmer C. Bender of Cincinnati and Navy Chief Electrician William C. Smith of Long Beach, Calif., were brought out of Tsingtao, China, aboard the Hunan. Finnie, a resident of Sunderland, England, said he already had 22 more passengers than the Hunan could accommodate when the ship left Tsingtao. He could accommodate two more, he replied in the negative.

The next day the Chinese Reds informed him the two passengers were American fliers who had been held prisoner. Finnie took them aboard.

They ate double portions at every meal.

The captain said they appeared in good health and were happy and relieved to get out of Communist China.

### Find Missing Boy

Pleasantville, Pa., May 15 (AP)—A two-and-one-half year boy, missing since a family picnic yesterday, was found safe today a few miles from the spot where he disappeared. Part of the 500 searchers who spent the night tramping woods and fields, came across little Jackie Copeland at 8 a. m. (E.S.T.) leaning against a tree. The boy was rushed to a hospital in Pottsville for a checkup. The little blonde toddler, who could walk "only good enough to get out of the way," disappeared while playing with four sisters after a picnic lunch on an old farm yesterday.

### Press Census Drive

New York, May 15 (AP)—A census cleanup drive in New York state and northern New Jersey was pressed today. The census in the territory is 99 per cent complete, the area supervisor, Dr. Zola Brown, said. He called for one "last over-all effort" to cover the remaining one per cent. Brown said that any person who had not been counted should fill out the 1950 "Have You Been Counted?" census form and mail it in.

## Hopes for Peace Are Dim In Nation's Railroad Strike

Chicago, May 15 (AP)—Picketing was spreading in the nation's railroad men's strike today and hopes for peace grew dimmer.

The strike went into its sixth day with pickets halting or attempting to halt rail operations in widely separated areas of the nation. Effects of the walkout were spreading.

Representatives of the National Railway Mediation Board held separate conferences throughout yesterday with railroad officials and heads of the Brotherhood of Locomotive Firemen and Engineers, who struck to enforce a demand for a second from a multiple unit diesel locomotive.

The conference broke up around 1 p. m. (E.S.T.) last night and Everett Edwards, a member of the board, said "it looks bad."

Earlier in the evening, it had appeared that the mediators might be making some progress in their effort to halt the strike of more than 18,000 firemen which began last Wednesday. But at 11 p. m. Edwards said these negotiations were "derailed" for the moment. He declined to give details.

Asked if any meetings were scheduled for today, Edwards replied that "we haven't planned any more, but I hope there will be some."

In the south meanwhile, a union

official claimed that every important sector of the 8,000 mile Southern Railway system had been tied up or crippled by the walkout of 1,200 more firemen and engineers.

L. B. Johnson, southern general chairman for the union, said trainmen from seven new divisions had been called out since Friday.

He asserted that southern operations in strategic areas are "practically shut down" and that every one of the far flung systems some 27 divisions was affected.

Pickets took up posts at Birmingham and other strategic localities. They hope to halt all Southern traffic between New Orleans, Atlanta and the east and from Birmingham to Chattanooga, Tenn.

In central Illinois pickets made their first appearance late last night, halting two freight trains of the Chicago and Eastern Illinois Railroad at Pana, a point where the line uses tracks of the New York Central System, one of the struck lines.

At Harrisburg, Pa., Pennsylvania Railroad officials asserted the road had moved out 42 freight trains yesterday despite marching pickets who tried to halt all operations of the strike-bound line.

A P.R.R. spokesman said "a further increase in road freight and switching operations is anticipated" today.

## Hanley Says U. S. Is Not Far Enough In Its Preparedness

Lieut. Governor Would Make This Nation So Strong There Would Be No Attack

This country has not gone far enough in its preparedness program, Lieut. Governor Joe R. Hanley told the convention of the Department of New York, Reserve Officers Association Saturday evening at a banquet concluding the annual sessions here.

If I were in power, he said, I would make this nation so strong on the ground, in the air and on and under the sea that no country would attempt to attack us. It must be recognized, he asserted, that there is a vast difference today in the operation of government.

Continuing he declared that this country has been saved by its citizen soldiers and sailors. Large armed forces will not lead us into war and didn't lead us into the one we just finished. Only Congress has the power to declare war and the next time Congress declares war I'm for having that outfit the first to be mustered into service, he said.

Other observations of the Lieut. Governor included:

There will never be another declaration of war on the part of our attacker. The enemy will move in just as they did at Pearl Harbor and we won't have months to assemble our forces.

Free people are more valuable to a country than those enslaved, but freedom means responsibility.

Men of training and influence such as the members of the Reserve Officers Association will be of great use if we do come and we need more of these responsible men in public service.

In order to have liberty, you must earn it. There are too many people today enjoying the benefits of the sacrifices of yesterday.

Consider the veterans on beds of pain and misery until the day they die. That is the price they paid for liberty.

Interpersed throughout his talk there were the usual number of the state executive's laugh-provoking anecdotes.

Speakers on China

Vice Admiral Oscar C. Badger also spoke briefly on China.

He said that 98 per cent of the peoples of China were our friends and admirers and they were opposed to communism.

Strong armed forces were essential to the cold war and they should be strong enough to uphold our policies, he declared.

The propaganda in that country is much stronger than ours and it has raised doubts among our friends. Our internal discussions reach these peoples even in the vice fields faster than we have any idea of, he asserted.

We also must have strong moral strength, he said, so these people will trust us.

Major General Robert W. Hasbrouck was introduced and he expressed his pleasure upon returning to his home town.

Proceeding to the military hall, there was a middle program of singing by the distinguished Metropolitan Opera Singer, Helen Olcott, Samuel D. Souder, Jr. was the accompanist.

Father Gets Custody

New York, May 15 (AP)—Mayor Stanley W. Church of New Rochelle, N. Y., today was awarded custody of his two older children, Jacqueline, 11, and Stanley, Jr., nine.

The third child, Rochelle, 22 months, will remain with the mother conditionally under court supervision for a year. Church had asked for custody of only the older children. The text of the decision was not made public.

Mrs. Eleanor Cadasholm Church, a former model, left her New Rochelle home with the children in the spring of last year while Mayor Church was in Europe. Last October Church announced they had reached a separation agreement and "parted on the most friendly terms."

The white queen, former London stenographer Ruth Williams, entered the Serowe hospital early in the day, the baby was delivered by a Negro physician, Dr. Mankanga, and it was at least a month premature, the authorities said.

A British spokesman said both mother and child were "doing fine."

## Melish, Mrs. Draper Called Communists By Budenz Today

Former Red Editor Tells Their Connections During \$200,000 Libel Suit

Hartford, Conn., May 15 (AP)—Louis Budenz today named Mrs. Muriel Draper and the Rev. William Howard Melish as members of the Communist Party.

Budenz, formerly managing editor of the Communist Daily Worker, testified in the trial of a \$200,000 libel suit brought by Mrs. Draper's son, Paul, the dancer, and Larry Adler, harmonica player, against Mrs. John T. McCullough of Greenwich, Conn.

The two claim she damaged their reputations by tagging them "pro-Communist in sympathy."

Budenz, now a Fordham University professor, was asked by MacDonald DeWitt, formerly of Kingston, defense counsel, about the connection of Mrs. Draper with the National Council of American-Soviet Friendship.

"Yes, sir, she is a member of the Communist Party," Budenz said.

DeWitt then asked about Melish, Brooklyn clergyman who became chairman of the National Council.

"Yes, sir, I know that he is a Communist Party member," Budenz replied.

In New York, Melish laughingly declined to comment on Budenz's charges.

"That's the same old story," he said. "It has all been said and denied before."

Father Ousted

Melish's father, the Rev. John Howard Melish, ousted last year as rector of Brooklyn's Holy Trinity Episcopal Church in a controversy over the "outside activities" of his son, the assistant rector.

Budenz said that on the instructions of the Politburo he questioned Melish "as to how deep he was affiliated with the party" before the clergyman became head of the National Council.

The witness said he reported to the Politburo that Melish was "thoroughly sound and thoroughly loyal" to Communist principles.

To Support Soviet

Budenz said the council was designed to establish "a core of supporters of Soviet Russia under any or all circumstances."

Both Draper and Adler have admitted aiding the National Council for Soviet-American Friendship. The defense introduced evidence today purporting to show that Draper's mother was chairman of a women's committee of the council.

Draper testified earlier that his mother is sympathetic toward Russia but denied that she is a Communist.

## Milton Youngster Falls From Auto

A five-year-old Milton boy who state police said fell from a moving automobile is in "fairly good" condition at St. Luke's Hospital today.

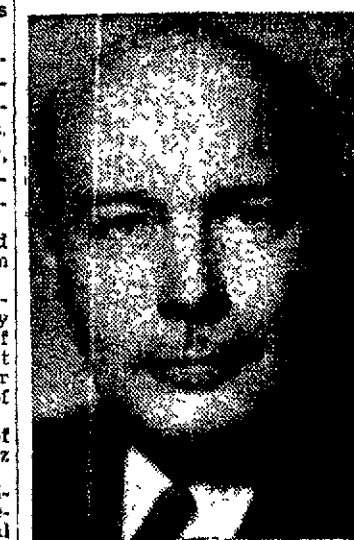

The boy, Stephen Clarke, fell from the rear seat of the automobile to the highway about 11:15 a. m. Sunday as the automobile was proceeding along the Willow-tree road at Milton, state troopers said.

The car was driven by the boy's grandfather, Walter R. Clarke, 64, of Milton, who picked the boy up after the accident and drove him to St. Luke's Hospital in Newburgh, state police said. The boy suffered head injuries and Sunday afternoon was listed as in serious condition, but showed considerable improvement over the night, hospital authorities said.

State police said the driver and others in the vehicle were not sure how the left rear door came open.

Don't Want Twins!

Lake Success, May 15 (AP)—Expectant mothers in Polykstron, Greece, would not touch powdered milk when it first was brought to their village. Finally agents of the United Nations International Children's Emergency Fund persuaded them to use it by saying it had special ingredients.

The first two women who used powdered milk gave birth to twins on the same day. The twins were the first born in Polykstron in 10 years. Now the expectant mothers of Polykstron won't touch the powdered milk. And this time the I.C.E.F. agents are trying to persuade them that twins and powdered milk are not related.

Continuing Investigation

Coroner Ernest A. Kelly said today that an investigation is continuing in the death of Mary Campbell, 58, of Ford Road, New Paltz. Mrs. Campbell's body—a gunshot wound through its left side under the heart—was discovered Friday afternoon by her husband, Lyle Campbell. Coroner Kelly said he has not issued a final verdict on the cause of death and further investigation by state police.

## McCarthy Says Policies of America Played Into Hands of Reds in China

### Accuses Jessup

## Links Ambassador With Acheson - Lattimore Combination

Atlantic City, N. J., May 15 (AP)—Senator McCarthy (R-N.Y.) today accused Secretary of State Acheson of betraying the United States in Asia. He asked that President Truman fire Acheson.

Contending American policies played into the hands of the Communists in China, McCarthy said that Acheson had "bought" a plan for the Far East devised by Owen Lattimore which is "gigantic in its fraud and complete in its deceit."

He said that Philip Jessup, U. S. roving ambassador, was a "third member of the Lattimore-Acheson Axis" and asked that Mr. Truman fire Jessup, too.

McCarthy hit out at Acheson, Jessup and Lattimore in an address prepared for the Diamond Jubilee Convention of the Sons of the American Revolution.

Lattimore is a Johns Hopkins University professor and specialist on the Far East who has been an occasional consultant to the State Department.

McCarthy has concentrated much of his fire on Lattimore in contending that the State Department harbors Communists and Red sympathizers.

Lattimore has denied he is a Communist or a sympathizer.

Acheson and other living secretaries of state have declared also that Lattimore was not the author of American policies in the Far East.

Silk Handkerchief Strategy

McCarthy said in his prepared speech that the strategy of the Acheson-Lattimore axis in Asia is that "of hitting Communists at the front door with a silk handkerchief while they heat the brains out of your friends at the back door."

He said it was "masterminded" by Lattimore and "Mr. Acheson has bought it and applied it to the entire Far East."

He wound up with this direct plea to Mr. Truman, now en route back to Washington from a trip to the Pacific northwest:

"Come home, Mr. Truman, and fire the Red Papers of the Politburo. Fire the headmaster who betrays us in Asia. Fire the collectors of corruption those practicing mimes of the Moscow party line in the state department."

Refers to Chavez

McCarthy also made a passing reference to the Lattimore plot last week by charging Chavez, N.Y., who said that Louis Lunt, ex-Communist editor, was a liar.

Budenz testified before a Senate Foreign Relations subcommittee that party leaders told him Lattimore was a member of a Communist cell. The Senate group is investigating McCarthy's charges of subversives in the State Department.

Denies that they ever told Budenz any such thing about Lattimore have come from some of the Communist leaders he said gave him that word.

## Dewey Calls for Hudson Dam To Conserve Fresh Water

New York, May 15 (AP)—A \$200,000,000 dam-highway across the Hudson river was urged on Gov. Thomas E. Dewey today by Lawrence T. Beck, a consulting engineer for the Christen, S. C. post development, and was passed on to Albany in a letter yesterday.

Although the project would cost an estimated \$200,000,000, the cost would be smaller than handling the dam and highway problems separately, the commission said.

Two possible sites were suggested. One was southwest of Verplanck, between Crosey Point and Montrose Point and the other was at Chatham, where the Hudson Aqueduct crosses the river.

Two locks, each 800 feet long and 90 feet wide, were proposed by Beck for river traffic.

The highway would run across the top of the bridge with every driving action or high rollers over the locks.

Beck estimated the upper river would be raised about three feet by the dam.

Use of such a dam as a Hudson river bridge would solve the problem of the river crossing called for in the New York state thruway plan. Engineering tests for a bridge site are now going on between South Nyack and Tarrytown.

The plan was forwarded to the state by the Citizens Budget Com-

## To Try Arbitration In Airways Strike

New York, May 15 (AP)—The first steps to pick federal arbitrators to settle the contract dispute between Pan American World Airways and the C.I.O. Transport Workers Union will begin this week.

A company spokesman said, however, that the final selection of the three-man board may take several weeks in all.

An agreement late Saturday to arbitrate ended a brief strike of 700 stewards, stewardesses and

purser that began shortly after midnight Friday. Other union members, including nearly 3,000 maintenance men in the company's ground crews, had honored the picket lines and refused to work.

The dispute was principally over a union demand for an \$8 a month pay raise, a system-wide seniority program, and increased severance pay. The union also demanded that the company maintain a contract clause giving American workers preference over foreign employees in job openings.

The new contract, when signed, will be retroactive to March 1 this year and will run to October 1 next year.

## Hunt for Airman

March Air Force Base, Calif., May 15 (AP)—An intensive ground search is being pushed on the Arizona desert for Air Force Lt. Freeman D. Horner, 32, who fell from a B36 Saturday night at 28,000 feet. The air force believes Horner was sucked out by failure of the bomber's pressure system. The other crew members said they did not see his chute open.

## Press Assistants Union, Printers Accept Terms

New York, May 15 (AP)—The A.F.L. Press Assistants Union and the Printers League of New York were agreed today on a "basis of settlement" in a dispute over a new contract.

The union voted 2,000 to 12 yesterday to approve the settlement, which deals with wages, vacations, holidays and other benefits in job printing shops.

Local 23 President Peter A. Tufo said a \$3 weekly wage boost will become effective as soon as the contract is signed, with another \$1 increase going into effect in 1951. The contract will run to the end of next year.

Current wages and details of the new contract were not stated in the announcement.

## THE RUMINATOR

A Column of Contrary Opinion  
By HUMPHREY B. NEILL

If I read the signs aright, there seems to have been a considerable shift in the public's opinions about a number of important affairs.

For one, the public is, if anything, less "internationally minded" than, say, six to twelve months ago. The American public has never been much interested in events in foreign lands, but during and after the war there was a marked awakening and interest in developments abroad. This was accounted for, naturally, by the millions of soldiers and sailors who were in the service—and by the fact of the war itself.

After the war, the various international conferences among Churchill, Stalin and Roosevelt—later, Stalin, Truman and Acheson—tended to keep international interest alive.

Of late, however, it seems quite evident that the public as a whole is withdrawing behind its own borders once more.

In a radio interview the other day, Cornelius Vanderbilt, Jr., who spends his time traveling, lecturing, and interviewing people, remarked that his lecture bureau had just informed him to cut down on his international commentaries and concentrate upon domestic affairs. The lecture bureau asserted, according to Vanderbilt, that people were not much interested any more in foreign happenings.

Also, Philip D. Reed, chairman of General Electric Company and president of the International Chamber of Commerce, has been stressing the point in recent addresses that American businessmen must take a greater interest in international problems if we are to win out in the cold war and over the forces of communism. At a Chamber of Commerce luncheon in Buffalo, Mr. Reed said that we cannot stem the tide toward socialism alone. "We cannot stop the trend... unless other countries do so. I honestly believe," he added, "that we shall preserve our economic system in this country only so long as other trading areas of the world adhere to the same principles."

The President, unfortunately, is abetting the public's indifference by saying his administration has everything under control, that the economies are all cataloged, and we can probably cut down on defense expenditures shortly.

More than 50,000 servicemen and civilians were engaged in fighting the flood. (NEA Telephoto)

## "Fresh starts for sale!"

My job is to make loans to local people. I like to say YES and do say YES to 4 out of 5 who come to me for a loan. Yet I can't help feeling that my most important job is getting people out of debt—selling fresh starts.

Take the young couple who came to see me only last week. The husband was making good money. Yet they couldn't seem to make ends meet. They wanted a loan of \$50 until payday.

With their permission, I went over their income and expenses on a worksheet. In 10 minutes, we'd spotted the trouble. Their monthly installment payments were just too high. After meeting them, they didn't have enough money to handle their regular monthly expenses. I lent them the cash to pay these accounts in full. Now they're repaying *Personal*—in monthly amounts that fit their income. They are happy with their fresh start.

Now I don't claim a loan is *always* the answer to a money problem. When it is, I say "yes" promptly. You also get the benefit of my years of experience with family budgets. If you can use either money or this free counsel, don't hesitate to see me. Come in to the *Personal Finance Co.*—or phone, today.

NEW RUSSIAN PROPOSALS  
Two new Russian proposals, one on Berlin and one on the long-delayed Austrian peace treaty, show very neatly how hard it is to negotiate seriously with the Soviet Union.  
On Austria, Moscow wants any pact to be preceded by Allied troop withdrawal from Trieste, former Italian port slated to be a free territory. This is demanded as evidence of good faith that "under one pretext or another Austria shall not also be transformed into an Anglo-American war base."  
Never before, in all the years an Austrian treaty has been hanging fire, has Russia dragged Trieste into it. Now it suddenly becomes a critical point on which the whole issue pivots.  
As for Berlin, the Soviet Union has accepted the idea of city-wide elections but has laid down seven specific conditions which must be met before the balloting can begin.  
It isn't necessary to examine the full list. The Russians want all occupying powers to remove their forces from Berlin. They call for abolition of the so-called occupation statute under which the western nations govern their control zones of the city. They ask that "democratic" organizations be given freedom of activity in those zones.  
The tricks in these proposals are pretty obvious. If Russian troops left Berlin, they'd still be on the outskirts of the city in the Soviet-controlled eastern portion of Germany. But withdrawing Allied soldiers would have to pull back more than 100 miles to the main western area of the country.  
Freedom for "democratic" groups in all Berlin means license to Russian-inspired Communist activities aimed at bringing the city completely under Moscow's domination.  
Like the Austrian suggestion, these conditions are all designed to weaken or eliminate western control of critical European sectors. What the Russians couldn't accomplish by the Berlin blockade they now would seek to gain by other means.  
It's not likely the Russians expect us to take these proposals to heart. They're following their usual formula of asking, as a minimum, sacrifices they know the West can't afford to make.  
The newest moves are just further threads in the skein of propaganda by which Moscow eventually hopes to weave strong pro-Communist support in Germany—against the day when Russia's chances of taking over might be stronger. They know the Germans want foreign troops out of Berlin and ultimately off all their soil.  
In the case of Austria, the Soviet leaders apparently have no real desire to negotiate a treaty, since that would compel them to remove their own troops from adjoining Hungary and then Rumania. When you don't want to do something it isn't hard to find excuses for inaction. That is, if you're a Russian.

CRACKER BARREL CARAVAN  
Watch for the cracker barrel caravan! To publicize the Hoover Commission Report for economy in government, four red, white and blue vehicles have left Philadelphia to tour the country. Of these one is a 30-foot trailer built to resemble a country store. Inside is a cracker barrel, from which prominent citizens, in and out of office, will speak, advocating governmental economy. The caravan is a project of the Citizens Committee for the Hoover Report, a bipartisan group.  
The caravan will stop in communities large and small. It will visit state and county fairs, college and high school campuses, and industrial plants. At every stop the Hoover Report will be discussed, and literature distributed.  
All this should build up a considerable fire under those members of Congress who are for economy, but are opposed to doing away with the local outlet for federal spending and patronage. Some of these officials may find that real economy has its friends, even more so than spending. If this is true it needs to be demonstrated, however, and here as well as elsewhere.  
A visit from the caravan might at least

help to stir up thought, maybe even argument.  
Only a little while ago people were wondering how long it would be before they could have television. Some, of course, still wonder.

THE F.B.I. AND INVESTIGATIONS

Logically, any government establishes ways and means to protect itself against destruction. Politically, this may become a dangerous device, actually leading to tyranny. The American problem is to produce a formula by which the civil rights of citizens, guaranteed by the Constitution, will be fully protected, while at the same time the nation is safeguarded from enemies within as well as without.

Because often one purpose conflicts with the other, the devices employed become mixed in confusion. For the British, it is simpler. A royal commission can have all the information available and no agency of the government can set itself up as free from investigation.

In the United States, the general assumption is that a congressional committee possesses similar rights. This is not so. First of all, a congressional committee is limited by the separation of powers between the Executive and Legislative branches of government. Secondly, a congressional committee is limited by the terms of reference arranged in the resolution calling it into being.

Often it is limited by the particular interests of those who do the investigating.

The F.B.I. is an agency in the Department of Justice controlled by the attorney general. In matters political, the policies of the F.B.I. are decided by the President and the attorney general. Because J. Edgar Hoover has served as its director since 1926 and the people have confidence in him personally, it is too often forgotten that he is not an independent agency but a bureau in a department. Were someone else at the head of the Bureau this fact would be more obvious.

The F.B.I. functions as a police force, its object being to develop facts which, under our rules of justice, will stand up in a court of law. It does, however, bring an action in a court. That is done by the attorney general. F.B.I. operations may appear as witnesses, but they must take the same chances as all other witnesses under examination and cross-examination. They are not privileged characters, nor is their information privileged as was established in the Coplon case. The F.B.I. is not a secret police institution such as exists in many European countries.

Therefore, J. Edgar Hoover soundly states: "The F.B.I. is interested in actions, not thoughts; in deeds, not beliefs; what a man does, not what he thinks."

Were it otherwise, the F.B.I. would be violating the Constitution of the United States. But how do you determine the deeds of a subversive person who is part of a conspiracy to alter the government of the United States in the interest of a foreign power?

This involves a vast knowledge of the nature and purposes of the conspiracy. It has to do as much with thoughts and associations as with deeds. For instance, everybody seems to be talking these days about "card-carrying Communists." There are none.

The Communists stopped issuing cards some time during the Stalin-Hitler Alliance, around 1939. Therefore, it is necessary to establish affiliations by other means. This is not only difficult to do, but it is even more difficult to do without impeding civil rights.

Yet, it is essential that this country be safeguarded from the activities in which such men as Alger Hiss, Whittaker Chambers, Klaus Fuchs and many others engaged. The Russian weapon of war is not the A-bomb but the universal conspiracy concerning fundamental assumptions which, if destroyed, weaken a nation.

The F.B.I. does study this problem and has files on the subject. The Civil Service Commission and the various loyalty boards have files. The House Committee on Un-American Activities and the Army and Navy have files. Nowhere is there a coordination; there is even less understanding of the fundamental nature of the conspiracy.

In spite of at least 30 years of activity in the United States, no thorough study has yet appeared of the nature and characteristics of the Communist conspiracy in the United States. While fragments have been gathered, no one has yet produced data to explain how very few have been able to do so much, and also why so many who are not Communists are willing to do their work for them.

The Tydings Committee can expand itself to make such a study with unabated thoroughness and it would be of outstanding service to the United States.

That Body of Yours

By James W. Barton, M.D.

ASTHMA AND THE EMOTIONS

Some years ago research physicians in allergy found that emotional disturbances caused or aggravated attacks of asthma. While we are all familiar with the effects of emotional disturbances on the heart, stomach, lungs and intestine, that they could cause asthmatic attacks was hard to understand. It was not hard to understand how allergy to various substances and also nose and throat defects could cause asthma.

In "The Canadian Medical Association Journal," Dr. H. K. Detweiler, Department of Medicine, University of Toronto and Toronto Western Hospital, states that physicians must keep in mind the psychosomatic (mind and body) point of view, which is that the mind appears as one of the several factors which produce the condition to be cured.

It is recognized by all good clinicians that the physician who attempts to treat a patient suffering from ulcer with diet and alkalis and who pays no attention to the detrimental effects of worry and conflicts in home, office or factory, the financial or sociological problems of the family and the effects of fatigue and chronic illness upon the patient's powers of resistance, will achieve little.

While an allergy may be the underlying cause of asthmatic attacks, Dr. Detweiler states that if a careful history is taken it will be found that in most cases the nervous make-up of the patient is such as to predispose him to respond in the usual manner to his underlying allergy and actually intensify the asthmatic attacks started by the absorption of the allergic substance. This history will include inquiry into heredity, childhood neurosis, sensitivity to emotional factors and specific behavior under stress and strain. "Evidence of nervous imbalance such as cold clammy hands and feet, low blood pressure, excessive sweating, rapid heart beat, and irregularities of stomach and intestine processes, are frequently discovered in the history and physical examination."

The point is that while various substances in the air, certain foods, and defects of nose and throat are factors entering into the causation of asthmatic attacks, Dr. Detweiler places emphasis upon the importance of a searching history of both the allergic and psychosomatic effect of emotions upon body processes. Treatment must consider the emotional factor.

Asthma, Causes and Treatment  
The cause or causes of asthma were unknown until recently. Now that it is known that allergy, nose and throat defects, emotional disturbances can cause the attacks, most asthmatics can be helped. "Free" Election--If Russia Had Her Way

The Washington Merry-Go-Round

By DREW PEARSON

Washington—Shortly after Congressman Parnell Thomas, Republican, went to jail for salary kickbacks, this column pointed to a Democratic congressman, Victor Wickersham of Oklahoma, who seemed guilty of certain monkey business with his congressional payroll. Specifically I showed that:

1. Wickersham was paying one employee, James W. Taylor, \$7,720 a year, though aforesaid Taylor actually worked as salesman for the Herd Equipment Company of Oklahoma City.  
2. A second employee, Lloyd Matthews, drew \$2,298 though actually spending his time in Wickersham's Washington real estate firm rather than attending the interests of Oklahoma voters. It's the taxpayers, incidentally, who pay these salaries in order to handle congressional business, not sell real estate or machinery.  
3. It was also shown that Wickersham, apparently unwilling to support his 72-year-old father, had kept him on the library of Congress payroll as a watchman for seven years; later got him a job as a capital elevator operator.  
4. Wickersham had operated a used-car lot on a rent-free tax-free parking lot reserved for congressmen.

Since publication of the above, Congressman Wickersham stated at a Jackson-Jefferson Day dinner in Oklahoma City that "Pearson had made an apology."

No such apology was ever made. But I am going to make one now. The apology is for underestimating Congressman Wickersham's gall for feeding at the public trough his efforts to conceal it. Here are some other interesting facts which I have since discovered.  
On the day that the Merry-Go-Round column was published—December 12, 1949—disclosing the congressman's above-mentioned salary operations, Wickersham had a bad attack of jitters. One of his employees, Lloyd Matthews, described these jitters in a letter to Wickersham's secretary, Aubrey Witt, at that time in Oklahoma. Matthews was the man who worked in the congressman's

man's real estate office but drew money from the congressional office.  
"Mr. Wickersham finally reached me tonight after several efforts and undying persistence," Matthews wrote. "He told me to do exactly what I had planned to do anyway, keep my mouth shut. Amazing how a man's magnanimity increases in direct proportion to the duress under which he is subjected. He, out of the clear blue sky, asked me how I would like to help with the census....his remark was plainly forced but he said it....adding whipping cream to the dessert, he continued: 'How would you like to go to West Point?'"  
These sudden offers to Matthews came "out of the clear blue sky" the exact day this column exposed Wickersham's queer salary setup. The proffered census job meant extra money for Matthews. He had also long dreamed of going to West Point. The congressman knew this. Maybe he was afraid his young clerk would talk.

Four days later—December 16—real estate employee Matthews wrote Witt another warning letter in Oklahoma: "Be discretion-ary in conversing with my folks," he said. "The information I've doled out to them is meager, and I don't want a lot of explaining to do about various matters...."

F.B.I. Investigates  
By this time, the F.B.I. was probing the facts exposed by this columnist, and Wickersham's stuff was called on the carpet. Matthews reported on this in a letter to Witt on December 24.  
"Mr. Wickersham and his wife are in a pronounced state of worry," he reported. Matthews, the Assistant Attorney General (Alex Campbell) has ordered this investigation. You and Margaret (Margaret Hughes, another Wickersham secretary) will be thoroughly quizzed upon your return, and probably will be asked to render a sworn statement. They have already elicited such a statement from Mrs. Calloway (another employee). Yesterday morning I was grilled for no less than two hours. Tuesday morning I must return to sign my statement. Mr. Wickersham wants me to have Joe King (Wickersham's lawyer) go over it before I sign.  
As Matthews' letter indicates,

he collaborated with Wickersham and his lawyer in preparing a statement for the F.B.I. When Witt returned to Washington, on the other hand, he refused to give the F.B.I. a signed statement, out of loyalty to his boss he also withheld what he knew about the office payroll practices.

Later, however, Witt's conscience bothered him, and he finally gave the F.B.I. a statement to the effect that Wickersham had been taking salary kickbacks from his employee, Lloyd Matthews.  
Following Witt's statement to the F.B.I. Congressman Wickersham made a speech in which he tried to explain the charges against him as "the result of irresponsible spite work of a disgruntled employee of my office whose service has been terminated."

This, however, was not the fact. Witt did not quit his job with Wickersham until four months after this column first published the charges, at which time he was not fired, but walked out. He could not, he said, stomach what was going on in the congressman's office.

It is interesting that Wickersham also claimed in his House speech that he himself had requested the F.B.I. to make a complete, thorough investigation of these spiteful, irresponsible, political charges.

This, however, does not agree with what Matthews wrote privately when he reported the investigation had been ordered by the assistant attorney general.

Tips to F.B.I.  
However, since the congressman says he welcomes an investigation, here are some further tips the F.B.I. might wish to check:  
1. Why was young Matthews offered a job in Wickersham's office for \$200 per month, then paid \$460 a month beginning his first day, June 1, 1949? This was the second highest salary in the office though Matthews was only 20 years old, just out of high school and green at the work, few high school youngsters make \$5,520 a year.  
2. Check Matthews' bank account to see whether he deposited \$400 on January 9, and whether this was money refunded to him by Wickersham after the F.B.I. started its investigation.  
3. Check the payments for the automatic electric typewriters in Wickersham's office to see whether Matthews signed a note to pay \$77 per month on the typewriters.

This ends my apology to the congressman from Oklahoma.

Democrats' Attack on Budenz Shows Waste of Time Trying to Discredit Accusers of Reds

By DAVID LAWRENCE

Washington, May 15 — The Democrats in the Senate seemed to have leaped from the trying pan into the fire in their attempt to discredit Louis F. Budenz, one of the witnesses on the side of Senator McCarthy of Wisconsin in his crusade against Communists in the government.

It is scarcely to be assumed that Senator Chavez, of New Mexico, Democrat, who made a spirited attack on Budenz in the Senate last week was not speaking his party's attitude.

But the New Mexico senator now has aroused the wrath of the president of Fordham University, the Very Reverend Laurence F. McGinley, because the senator in his speech accused Budenz, a Fordham professor, of hiding behind the shield of the Catholic Church into the whole controversy was a move hardly calculated to diminish the bitterness that has already enveloped the McCarthy episode.

Senator Chavez in his speech said things about Louis Budenz which now raise a question as to whether the eleven Communists convicted in Judge Medina's Federal Court in New York city, very largely on Budenz's testimony, may not have a logical basis for appeal on the ground that the Democratic party in the Senate has begun a series of moves seeking to discredit Budenz as a witness.

It is known that the F.B.I. stands squarely behind the credibility of Budenz as a witness. In fact, it is reliably reported that in every case where the F.B.I. checked up on questions on which he testified, the facts stood up against challenge.

So the spectacle of a prominent Democratic senator launching a bitter attack on the personal character as well as credibility of Budenz will only tend to arouse more and more suspicion as to what it is all about. Why do the Democrats? It will be asked, spent so much time and energy trying to discredit the accusers and their witnesses and at the same time place such obstacles in the way of getting at the official records and files about those who have been accused?

Certainly the placing of restrictions on the examination at the White House offices of the eighty-two loyalty files of this room. A lady called me from Port Ewen, and said she had one of the original candelabra, a brass affair to hold three candles. It certainly would be interesting to know where the various parts of the Mary Powell went, for I am sure the present owners value them as historical items.

Since items of Prevention to Cruelty to Animals appeared in this column had some interesting response. This morning had a visitor, Mrs. Waverly Boyce, of 107 S. Park Ave., Longmeadow, Mass., who was the former Preston girl some 35 years ago, when her folks owned and ran the Huntington. She is a sister of Col. Carl Preston. Her husband as a young man resided at the Huntington at the time he was an official of the Vassar Motor Car Co. of Kingston. Mrs. Boyce showed me one of the first binders given out in this locality for the prevention of cruelty to animals. She says the problem in those days was, when the bluestone was being brought to town, and the horses, just couldn't drag the heavy load any farther, the drivers used to beat them unmercifully.

Miss Preston and her co-workers would approach the driver and try to prevent him from further torturing the horses. If he didn't stop, they would call the police officer. Also when they found a horse dead and they would insist he be buried and covered with a warm blanket.

Some time ago, Mrs. J. T. Bedell, of Woodstock, asked about her father's uncle, "Tham Briggs," who was connected with the Mary Powell but she didn't know in what capacity. Stanley Dempsey, former proprietor of the Old Ulster Hotel, which is being torn down for the West Shore elimination project, named me an 1834 Kingston City Directory. There I found "Briggs, Hiram E., piano, estimator, Mary Powell, home address, Hasbrouck avenue, corner E. Chester St."

Also Lawrence J. Spangenberg, the well known barber of the Cornell Steamboat Company building for many years, said he knew Captain Briggs, and that he was a fine boatman.

One day having a cup of tea in the Bus Terminal lunch room on Crown St. and looking up on School No. 7 as we know it today, I was surprised to see the old weather-vane, with "H. H. d'Amore" on it. I wonder if any one else noticed it? That was the old name, back in the Kingston Academy days. Did you know that back in those days, School No. 3 had a branch on Union avenue,

tensely suspicious. Why are not the senators on the Tydings Committee allowed to make notes as they read the files? Why are they compelled to rely on memory for facts needed when they go to Capitol Hill? Why is the chief counsel of the Senate Committee kept from reading the files?

If the files are made available to all to the Senators and if they are to be trusted that much it seems illogical that they should not be trusted to make notes on the files.

The fact is the administration is making blunder after blunder in handling the McCarthy charges and thus is giving them much more credibility in the public mind than they perhaps deserve. Politically, the administration is bound to lose ground by such a course. Here is a Democratic Senator attacking not only a witness in relation to his religious affiliations, but also in effect, a Catholic institution.

University—which accepts Budenz on its faculty as a teacher. What Father McGinley head of the college, says is perhaps a forerunner of other comments yet to come from Catholic sources. He says: "It has remained for a member of the United States Senate to bring this personal vilification of Professor Budenz to a point even lower than that reached in the columns of the Daily Worker. It might fairly be said that never within recent memory has a member of Congress so used his immunity on questions upon which the character of a fellow-citizen."

"The Senator had the effrontery, moreover, to pose as a Catholic while publicly enacting this vicious offense against Christian charity...."

Whatever mistakes Professor Budenz has made in the past are an open book.

"The Catholic Church, convinced of the sincerity of his repentance, welcomed Louis Budenz back into the fold. Let those, who, in the name of the church of charity, presume to shout another man's alleged transgressions from the housetops, look instead into their own hearts."

Whenever the strategy board of the Democratic Administration meets again the members might well consider that attacks in the Senate on the religion of any individual and his reasons for repentance of sin are not good material for political combat.

Do You Remember So They Say...  
by SOPHIE MILLER  
I am just wondering how many pilot houses the Mary Powell had, for it seems, they are reported seen in various parts of the county. Who really has the real pilot house, or does anyone know where she is standing today? I was told, that the Mary Powell, had only one bed, the rest were all built in bunks. This bed, they say they saw at Fisher's who dismantled the Mary Powell at the time. And when dignitaries sailed on the Mary Powell, they were escorted by a line of rowing men. A lady called me from Port Ewen, and said she had one of the original candelabra, a brass affair to hold three candles. It certainly would be interesting to know where the various parts of the Mary Powell went, for I am sure the present owners value them as historical items.

## Fisherman Gets Snakes

Sydney—A big octopus climbed into the launch of George Miles while he was fishing off Uladhula, 150 miles south of Sydney. Miles had hooked the octopus, and hauled it to the surface. Then the octopus took over. It placed tentacles over the side of the launch and hauled itself into the cockpit. It squirted a black fluid at Miles and reached for him with its tentacles. Miles seized a piece of board and fought off the octopus for several minutes. Then he killed it by crashing the board on its head. The octopus was 10 feet from tip to tip of its tentacles.

## Bard Names New Trustees

**THURMAN L. BARNARD**  
Annandale-on-Hudson, May 15—The election of Thurman L. Barnard and Edgar A. Grunwald to the Board of Trustees of Bard College was announced today by Edward McSweeney, chairman of the board.

Barnard is executive vice-president and a director of Compton Advertising, Inc., New York. He was, for many years, a vice president and director of N. W. Ayer and Son in charge of their Detroit office. During the war, he served as executive director of the Overseas Branch of the Office of War Information.

Grunwald is managing editor of the magazine, "Business Week." He was formerly an associate editor of Tide magazine and editor of Variety Radio Directory. He has also contributed articles on the radio industry to the Encyclopedia Britannica.

## Mother Is Jailed On Mother's Day

Mineola, N. Y., May 15 (AP)—Mrs. Clara F. Smith's Mother's Day flowers began to fade in her living room today.

But Mrs. Smith was not at home to enjoy them. She was locked up in the county jail—beginning a 30-day sentence for injuring two teen-age boys in a hit-run accident.

"Yours was a particularly vicious act," District Judge George S. Johnson told her yesterday. "I can't imagine a mother being so hard-hearted as to leave two kids, who might be dead for all she knew, lying in the gutter."

Mrs. Smith's car struck the two boys on a motor scooter near Merrick, N. Y., Saturday night. James Shea, 17, suffered a broken leg, and his companion, Louis Riley, 16, a broken arm. Her car was traced through a partial license number, and bumper damage. The arresting officers found a Mother's Day bouquet from a son on the living room table. Mrs. Smith, 56, has three other children and several grandchildren.

## Report Progress In Influenza War

Baltimore, May 15 (AP)—A possible lead towards a drug treatment for the most prevalent type of human influenza and a costly disease of chickens was described today to the Society of American Bacteriologists.

A California scientist reported that a substance derived from a murex found in bay moved capable—in laboratory experiments—of destroying viruses of human influenza "A" and of Newcastle disease, a serious malady of chickens.

Influenza "A" is the commonest of all known "flu" types. At present, there is no specific drug treatment for it or for any other type of "flu." Neither is there a drug weapon against Newcastle disease once it develops.

Dr. A. J. Salle of the University of California at Los Angeles emphasized that his experiments have been limited to trials on viruses of both diseases purposefully made to grow in hatching hen's eggs.

There have been no experiments so far on virus-infected animals—a necessary preliminary to any thought of human application in the case of influenza.

But Dr. Salle said the work constituted a forward step in that it marked the first time that any

substance had been able to destroy viruses of these types in a developing chick embryo without killing the embryo itself.

## Forced Landing

Woodbridge, Conn., May 15 (AP)—A two-engine Aeromarine training plane made a forced landing on a farm here yesterday on a cross-country flight from Taunton, Mass., to the county airport at White Plains, N. Y. The pilot, Anthony Poma of Yonkers, N. Y., said his gasoline supply was running dangerously low so he decided to land.

## Restaurant Fire Draws Crowd to Times Square

New York, May 15 (AP)—A smoky restaurant fire in Times Square last night drew a Broadway crowd of several thousands before firemen snuffed it out in an hour.

The blaze started in the basement of the Ross Restaurant on Broadway north of 52nd street.

Smoke spread through another nearby restaurant. Most customers kept their places despite the smoke, although some Ross patrons left after they heard two muffled explosions in the cellar.

Firemen said the blaze was in the cellar ceiling and the blasts came from superheated air and gases.

## Will Restore Richmond To Colonial Setting

New York, May 15 (AP)—A community on Staten Island, settled by the Dutch nearly three centuries ago, is to be restored as a colonial village after the pattern of Williamsburg, Va.

The Staten Island Historical Society announced plans yesterday for a rebuilding program at Richmond town, now known as Richmond and once the county seat of New York's smallest borough.

The society has acquired several buildings as a nucleus for the restoration scheme. One is the Voorlezer's house, claimed to be the oldest known remaining school house in the United States. Records show it was built before 1696.

It is estimated that it will require \$1,000,000 to restore Richmond town. The historical society announced it has received \$30,000 to begin this long-range program.

## Nevins Elected

Monticello, N. Y., May 15 (AP)—Dr. Milton Nevins, of Philadelphia, was elected president yesterday of the National Federation of Jewish Men's Clubs at the final session of the organization's 21st annual convention. Barnett Lieberman, also of Philadelphia, was named honorary president. More than 300 delegates, representing 25,000 members in the United States and Canada, attended the four-day convention.

## Music Head

Utica, N. Y., May 15 (AP)—Mrs. A. Stewart Carpenter of Salamanca will head the New York State Federation of Music Clubs for the next year. She succeeds Mrs. Warren Knox of Albany as president of the organization.

## Two Will Attend

### 1950 Art Convention

Woodstock, May 15 — Sidney Berkowitz, trustee of the American Federation of Arts, whose national headquarters are in Washington, D. C., and William J. Elsner, a member of the organization, will attend the 1950 A.F.A. convention May 24 and 25 in Washington. The theme of the convention is "Art Policies in a Modern Society."

Open forums, as at Chicago last year, led by distinguished speakers have been arranged for active participation of members and delegates that are expected to attend from all sections of the country. They hope this program will be instrumental in shaping new policies for today's art needs. Sessions will be devoted to the following: The relation of government and art; a review of U.N.E.S.C.O.'s activities concerning art for the purpose of instructing A.F.A. representatives on the U. S. National Commission for U.N.E.S.C.O.; what art collections and museum educational programs may be expected to do for a community; the whole problem of the large exhibition of contemporary American art.

At the day sessions, A.F.A. members will be the guests of The Phillips Gallery and The National Gallery of Art. After the first session on the afternoon of May 24, an informal reception and dinner will be held at the Sulgrave Club at which a number of diplomatic, congressional and government representatives are expected. The closing event on the following afternoon will be a special private visit to the textile museum arranged through George Hewitt Myers, former vice-president of A.F.A.

Members and friends of all A.F.A. Institutional and Chapter members are welcome to attend the convention.

As many visitors are expected in Washington for the Sesqui-centennial Celebration, the Federation has secured blocks of rooms at the Willard and the Raleigh Hotels from which accommodations may be secured by writing to them mentioning attendance at the A.F.A. Convention. Registration forms may be obtained from L. M. C. Smith, A.F.A. president, National Headquarters, 1262 New Hampshire avenue, N. W., Washington 6, D. C.

## Art Critic Reviews

### Work of Villagers

Woodstock, May 15—Paintings now on exhibition in New York of two Woodstock artists were mentioned in the art section of the New York Herald Tribune, Sunday. Caryle Burrows, art critic reported that Eugene Spicher's portrait of "Miss Coletti" stressing piquant color, is candid to a degree. The portrait is being shown in the Portraits, Inc., annual exhibition. Mrs. Allen D. Elwyn is the subject of the portrait which was painted last October.

In the same column, Burrows

## Rural Cemetery Being Enlarged

### Whitfield Rural Cemetery, north of the hamlet of Whitfield in the town of Rochester, listed among the county's oldest cemeteries, is being enlarged and the old portion of the cemetery cleared up and landscaped. This work has been under way for some time under the direction of residents of the area.

Dating back to the early 1700's the Whitfield Rural Cemetery has recently been incorporated with former Supervisor Stanley F. Kelder of Accord as president, George Stokes, vice president and Friend Wilklow as secretary and treasurer. James Plunket was attorney for the corporation.

For some time prior to the present incorporation the old portions of the cemetery had not been kept in the best of condition. These sections are now being cleared off and graded and placed in fine shape. Two additional acres have been acquired

## Jet Pilot Killed

### Aurora, Colo., May 15 (AP)—A jet fighter roared out of control yesterday and whipped broadside into a residential sector of this Denver suburb, killing the pilot and cutting a swath of flame and wreckage among four frame houses.

The pilot, 29-year-old First Lt. Paul Darling of Estherville, Ia., was catapulted into the kitchen of the home of Mr. and Mrs. Earl Horrell where the plane exploded. The house was destroyed by fire and the airman's body charred beyond recognition.

## Car Crashes ...

### the 1946 coupe in which they were riding was torn off when it struck the tree. Elcholtz was riding in the right side of the seat, the woman in the middle and Cassidy was driving, the troopers said.

An autopsy disclosed that Elcholtz had suffered a massive intracranial hemorrhage, a fractured skull and other injuries. His body was taken to the Griffoley Funeral Home in Wallkill, where funeral arrangements are incomplete.

State police said the woman suffered shock and possible internal injuries and Cassidy suffered a dislocated shoulder on the right side.

Elcholtz was pronounced dead at the scene by Dr. E. W. Gifford of Saugerties, who also gave first aid treatment to the injured persons.

## Says Russia Won't Start Atom Battle

Washington, May 15 (AP)—Rep. Elston (R-Ohio) said today he doesn't believe Russia ever will be able to launch a mass atomic attack on the United States.

Elston is a member of the Senate-House Atomic Energy Committee.

He said he doesn't believe either the Soviet Union or this country would be eager to drop the first A-bomb in event of war. An atomic attack on the United States would be a suicide mission, he said, and the Russians know it.

"If the Russians thought they could win a quick war in a matter of days by sending wave after wave of planes at us with atom bombs in a sneak attack, I have no doubt they would do so," he told a reporter.

"But I don't believe Russia is, or ever will be prepared to deliver a substantial load of atom bombs on targets in this country at one time."

"Interception, of course, is the best defense against an atom bomb," Elston said. "We don't have all the interception power we want, but what we have is very good. An enemy raid would be a suicide mission."

## Bitten by Dog

Police were notified Sunday night that Charles Bielinski, 4, of 107 Franklin street had been bitten on the lower lip by a dog. He was treated by a doctor.

## Dr. Houston Is Appointed ...

board of trustees of the New York Annual Conference, chairman of the Advance for Christ and His Church Commission of the conference. He also is president of the board of trustees of Drew School for Girls at Cornwall.

Dr. Houston is married to Margaret Cloke Houston. They have two children, David Cloke Houston and Susan McIntire Houston.

He is a member of Delta Tau Delta fraternity and a Mason.

The Rev. Mr. Johnson has served as pastor of St. James Methodist Church for three years coming to Kingston from St. Paul's Methodist Church in Middletown.

The new superintendent of the New York District was ordained to the ministry in the Methodist Church by Bishop Francis J. McConnell April 2, 1933. Upon graduation from Union Seminary in 1935 he was appointed to serve the Methodist Church of Pine Bush and Walker Valley.

The New York District comprises 51 pastoral appointments, most of which are in New York city and Westchester county.

Stine Is Transferred

Among the other changes of pastorates at the Methodist Conference was the appointment of the Rev. Fred W. Stine of the Port Ewen, Poughkeepsie and Ruffin circuit to Sharon, Conn. He will be succeeded by the Rev. R. D. Watson of Milton. The Milton charge will be filled later.

According to the Associated Press this morning, among the other pastor assignments were: Kingston District—B. F. Tarr, superintendent; Andes, E. A. Bawden, Jr.; Ashland, J. W. Taylor; Ashokan, M. H. Ryan; Athens, C. R. Skaggs; Bloomville, G. H. Cooley; Cairo, S. A. MacCormac; Catskill, O. O. Rice; Coeymans, J. C. Eason; Coeyman's Hollow, H.

## Remains Here

One of the outstanding events of the coming week is the Industrial Supper Thursday the 18th which will be charter night for that growing organization and will mark the closing of the season for supper events at the "Y."

The work done during the past year will be briefly reviewed and the complete picture of expenses during the past 12 months will be studied. This meeting is open to members. It is the Town Meeting of the Y. M. C. A.

## Mother's Death Blamed On Suicide Attempt

Newton, Conn., May 15 (AP)—Mrs. Lillian Lindenberg, 40, of Greenwich, died last night in Fairfield State Mental Hospital here from the effects of a suicide attempt which took the life of her 12-year-old son, Kenneth, last March 19.

Dr. William F. Green, hospital superintendent, said the report of Medical Examiner Waldo Desmond attributed her death to softening of the brain caused by monoxide poisoning during the attempted suicide.

Mrs. Lindenberg, a public school teacher in Greenwich, was found lying on the kitchen floor of her home in the Byram section of Greenwich. Beside her was the body of her son. Four jets in the kitchen gas range were open. Police and firemen worked for an hour in an attempt to resuscitate both victims. They succeeded in reviving the mother, but Kenneth was dead.

Police said that the boy had been a sufferer from asthma, and that he had apparently smelled the gas and had attempted to drag his mother from the room when he was overcome himself.

## Thefts From Autos

John Tiano, of East Kingston, reported thefts from his car Sunday and Tony Davide, 166 Delaware avenue notified police early this morning that a tarpaulin was stolen or lost from his truck. Tiano said two fog lights valued at \$15.50 and a side-view mirror were taken from his car while it was parked on Field Court Sunday night, and Davide said he noticed the loss of the tarpaulin valued at \$80 following a trip from Sawkill to his home.

**Tasty Day**  
A little boy tore, through the first open door he could find at the start of his day.  
There was sunshine galore in the kitchen he wore, "I'm tasting the morning," he'd say.

She—Let's play some tennis.  
He—Can't. The net's broken.  
She—Fine. The net's always in the way when I play.

Lawyer—Now tell the court how you came to take the car.  
Defendant—Well, it was parked in front of the cemetery. Naturally, I thought the owner was dead.

Carl—That horse knows as much as I do.  
Henry—Well, don't tell anybody. You might want to sell him some day.

A certain ladies club in town invited a female book reviewer to speak at its meeting. She dramatically described a weepy plot, and the audience burst into tears. That is all but one who sat dry-eyed through the recital. After

the lecture, the reviewer conscious of her new-found powers, asked her why. The answer she got stopped cold. Said the little old lady: "Oh, I'm not a member."

Private—Would you blame me for something I didn't do?  
Sergeant—Of course not.  
Private—Well, I didn't get up for reveille.

Master—You look sweet enough to eat.  
Sophie—I do eat. Where shall we go?

Trump—De lady in de next house give me a piece of home-made cake. Won't you give me something too?  
Woman—Certainly. I'll get you a pepsin tablet.

## THE MELODY LINGERED ON

The day before Oscar Hammerstein 2 left for London to write the production of "Carousel" at the Drury Lane Theatre, we took a stroll in Central Park, and near the zoo we stopped to watch a couple of little girls who were skipping rope and chanting an old nursery rhyme:

"Lucy Locket lost her pocket  
Kitty Fisher found it..."

"If that jingle were called 'Bibbity Bo', I said in my best professional manner, 'it would probably make the hit parade.'"

"As a matter of fact," said America's most successful lyricist, "it once did. Almost two hundred years ago under the name of 'Kitty Fisher's Jig' it was the most popular song in London. But if the mothers of those kids knew the facts about Miss Fisher, they'd wash their mouths out with soap."

According to Oscar, back in 1781 a heady hunk of gal by the name of Kitty Fisher hit London like the Kinsley Report, and before the year was out her list of boy friends included Admiral Anson, Earlham's favorite sailor, and General Ligonier, the King's top soldier. A scribble of the period wrote her up as "the most pretty, witty, extravagant, wicked little light of love that ever flourished," and as if that weren't enough the famous bachelor Lord Pembroke, announced he would even consult matrimony for the delectable doxie.

The following year, when caperous Kitty skinned her pretty knees falling off a horse, the sedate Public Advertiser ran a long eulogy to their dimples, and not long after one of her admirers wrote the "Lucy Locket" song which, under the title of "Kitty Fisher's Jig" became the "I'd Have Baked a Cake" of its day.

In 1796, when the devil-take-it dancin' was anathema to almost every wife in England, she crossed over to the other side of the Atlantic, to a young member of Parliament from Kent who was more some than statesman. His family promptly announced it was going to cut him off without a kip-

per, but Kitty, with her knowledge of human husbandry, did such a bang-up job of straightening him out that the Norrises relented and welcomed the couple to their hearts and hearth.

Unfortunately, a few months after she gave up other women's husbands to domesticate one of her own, Kitty upped and died. She was buried in the family vault with full honors, and so ended the saga of the trollop who won from mix to nation in five fast years.

By a nice twist, eight years after her death the jingle which bore her name became respectable too. A copy of "Kitty Fisher's Jig" found its way to Massachusetts where someone put new words to it, and it was sung around most of the better camps during the American Revolution. You've whistled it hundreds of times. It's called "Yankee Doodle." (Copyright, 1950, by Billy Rose) (Distributed by The Bell Syndicate, Inc.)

## EAT WELL for Less

NEW MIX IS BOON TO BAKING FANS

"MAKE-YOUR-OWN" MIX is ideal for tender fruit tarts—a dessert treat for Mother's Day dinner.

By GAYNOR MADDOX

NEA Staff Writer

Pastry, cream puffs, biscuits, and desserts are just a few of the 77 baked products you can make from one basic homemade mix. It will be introduced tomorrow. You make it in advance, store it in a closed canister or fruit jar on the pantry shelf. No refrigeration necessary. It stores well.

Here's the know-how: The jobs of measuring shortening and sifted flour, so disliked by the homemaker, are all done at once in advance. The versatile fresh basic ingredients are then ready for quick transformation into a main dish, hot bread or one of dozens of desserts to add new interest to menus and to complete the meal.

**Make-Your-Own-Mix**  
(Yield: about 13 cups)

Two cups rich shortening, 9 cups sifted all-purpose flour, ¼ cup (4 tablespoons) double-acting baking powder, 1 tablespoon salt.

Combine sifted flour, baking powder and salt. Stir well. Sift into a large bowl or large pan or into heavy paper. Add shortening. Use finger tips or pastry blender to distribute shortening throughout dry ingredients until the mixture resembles coarse meal. The Make-Your-Own-Mix is now ready to use or store in a closed canister on your pantry shelf.

**Tender-Quick Pastry**  
(Yield: type B crusts)

Two cups Make-Your-Own-Mix (do not pack), ¼ cup butter or water, 2 eggs.

**KRIFFLEBUSH**

Krifflebush, May 15—A Virginia baked ham supper will be served by the ladies of the W.S.C.S. in the J.O.U.A.M. hall Thursday, May 18, with servings beginning at 5:30. All are invited. Members of the Home Bureau will have their articles on display.

Twin daughters were born to Mr. and Mrs. Walter Plath of Sonenectady May 5. Mrs. Plath is the former Miss Katherine Van Alen, daughter of Mr. and Mrs. Howard Van Alen.

At the annual school meeting May 2 the following officers were reelected: Albert Davis, Sr., trustee; Donald Christiansa, collector; John Kuhlmann, clerk. It was voted to pay the parochial children's transportation to Rosendale next year and to donate \$50 to the Marletown Recreation fund.

A daughter, Mary Jean, was born to Mr. and Mrs. Julius Haener, Jr., of Ellenville May 10.

Mrs. Haener, who has been spending a few days with Mr. and Mrs. Leslie Whitehead and family of Walden.

Mr. and Mrs. Herbert Davis of Kingston called on Mr. Davis' mother, Mrs. Laura Davis Wednesday night.

Mr. and Mrs. Lawrence Miller have returned home after spending the past month with Mrs. Miller's family of Newfoundland.

A number from here attended the Roger Baer recital at the First Baptist Church in Kingston. Arlita and Joyce Davis are members of Baer's student group.

Linda Kay and Douglas Calvert Stanton, niece and nephew of Mr. and Mrs. William Schwartz, were baptized by the Rev. B. C. Schmidt May 7.

The W.S.C.S. met at the parsonage Thursday night with 14 members present. Mrs. William Schwartz was the program leader.

The mission pledge to date is \$50.45. The June meeting will be held at the home of Mrs. Donald Christiansa with Mrs. Morton Miller as leader. Refreshments were served by the hostess, Mrs. B. C. Schmidt.

**To Raze Claremont**

New York, May 15 (AP)—Claremont Inn, a historic manor house overlooking the Hudson river, was recommended for demolition yesterday. Park Commissioner Robert Moses proposed that the 160-year-old structure be razed and the site used for a park north of Grant's Tomb on Riverside Drive. He said it would cost \$165,000 to repair the inn and about \$30,000 to raze it. The old building has been operated as a restaurant under lease from the city in recent years.

## 75,000 Flee From Winnipeg Floods

(By The Associated Press)

About 75,000 persons had fled flood-menaced Winnipeg today.

Across the continent to the south, Texas residents were recovering from hurricane force winds which injured two persons and scattered wreckage in three coast towns yesterday.

A mass of cool air from Canada moved meanwhile into the northern Great Lakes region and upper Mississippi valley, bringing freezing temperatures to the Lake Superior area. Frosts were forecast as possible over much of Wisconsin and portions of Michigan tonight.

About one-fifth of the population of greater Winnipeg had fled. Canadian officials said the evacuation, mainly of women and children, would be speeded up to ease the problem of supplying food and utility services to flood-fighters in the city.

The swollen Red river already has inundated six square miles of Winnipeg and the suburban areas. It held fairly steady yesterday at 30.2 feet, 12 feet above flood level. The flood crest is expected tomorrow.

Texas wind damage was heaviest at Sarita, a village which serves the big Kenedy ranch. Also hit hard were Riviera and Ricardo, north of Sarita.

Jake Trussel, Kingsville newspaper editor, said the winds must have been hitting 90 miles an hour at Sarita.

Mrs. Maria Z. Garcia, 15, was killed by lightning near Sebastian, in the Rio Grande valley while she was working in a cotton field.

A hailstorm cut a 30 mile path through northwestern Alabama yesterday, causing damage estimated at \$500,000. Cotton and seed crops suffered most. At Reform, Ala., windows were shattered, gardens crushed and roofs pierced by ice pellets. No injuries were reported.

**Will Attend Annual State TB Session**

Edmund P. Rochford, vice president of the Ulster County Tuberculosis and Health Association, will join the officers of 62 similar organizations in the state in being honored at the "Presidents' Luncheon" of the annual conference of the state committee on tuberculosis and public health opening at the Hotel Commodore in New York, May 16.

Dr. David T. Smith of Duke

University, president of the National Tuberculosis Association, will be the speaker. Included in the delegation from this area will be Mrs. Rochford and Katherine M. Murphy, R.N., executive secretary of the Ulster County Tuberculosis and Health Association.

Another feature of the two-day meeting will be a luncheon on the 17th honoring Dr. Harry S. Mustard, newly appointed executive director of the State Charities Aid Association, formerly health commissioner of New York city.

Other sessions will report on the progress in the cooperation

of State Charities Aid Association groups in tuberculosis eradication and services for school health and mental health, venereal disease control, and heart work.

The Ulster County Tuberculosis and Health Association has been authorized to announce that the 1949 Christmas Seal Sale for the State, outside of New York, has set a record total of \$1,408,000, an increase of 5 per cent over last year's campaign. Special awards will be made to those of the 62 organizations conducting the campaign which made outstanding contributions to the success of the 1949 Christmas Seal Sale.

### Children of St. Joseph's School Entertain

#### Mothers' Association at Its Closing Meeting

Mrs. Harold Lane was unanimously elected president of the Mothers' Association of St. Joseph's School at the closing meeting held last Wednesday, the group announced today.

Other officers elected and installed for a two year term were: Mrs. J. Bonhardt, vice president; Mrs. Raymond Kelly, treasurer; Mrs. William Lane, secretary.

The retiring president, Mrs. William Eschby, gave a brief speech of thanks for cooperation received during her term of office.

The children of the school presented a "hobby show" — with displays from the "baby" grades through the eighth grade. There were stamp collections, oil paintings and water colors, handmade trays and dolls and many other exhibitions.

The choir of the school gave a program in which the songs followed narration.

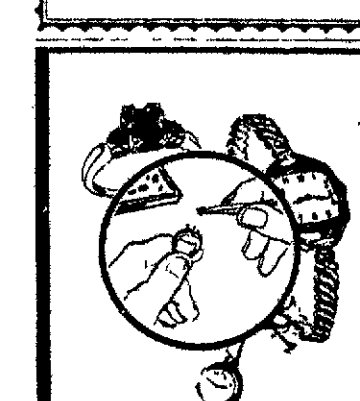

Mary Kay Eschby opened the program with a description of the origin and growth of music as "the universal art, touching upon Jewish and Greek music, and the Christian composers. Gerald Fischer followed with "Music in America," going back to the Indian lullabies and leading up to the songs of the Pilgrims.

Forty-seven persons were present including members of the Sawkill unit, friends, neighbors, Miss Helen Rowe, assistant county Home Bureau demonstration agent, and Morris Jagendorf, president of New York Folklore Society, and author of several books about folklore of this country.  
Siemsen conducted the meeting and read a number of verses, each dealing with a different phase of

folk life, or folk stories of "old times" in this locality. After each verse various persons added anecdote or further facts about the subject or person in the verse. Many amusing and informative bits were added in this manner. After going through this part of the program, Siemsen introduced Dr. Jagendorf, who told many varieties of tales, authentic and tall ones, of the folk life and beliefs in this country and also in other countries. It was amazing and interesting to hear how many tales told in one section are duplicated with slight variations in other sections throughout America and how many of this country's stories are derived from other countries' folklore. He also emphasized what wealth of folklore is found in this country because "we have not only the American tales but also those of other countries brought here".  
The evening was concluded by listening to a group of folk songs

recorded by Mr. Siemsen. He sang some of the old songs and also had recordings made of several old songs sung by Frank Joy of Hildburghausen. An added note of entertainment came when Mr. Siemsen played a recording made recently at the Sawkill School. Everyone enjoyed hearing the local children singing. Mr. Siemsen has visited several rural schools and made recordings, some of which were played at this meeting.

Refreshments were served and a group song ended the program.

## Elementary School News

### School Area Improved

School 5 has been looking forward to having a nice school yard. Last fall some of the trees were cut down and grass seed planted. So far, the grass has been growing nicely. Shrubbery has been planted in the front of the building, which gives a beautiful front view. Also the sand in back and on the sides of the school has been replaced by tarmac which is much cleaner and not so dusty.

### School Paper

The first issue of the *Brigham Eagle*, published by the joint efforts of Grades 4 and 5 of School 5, has appeared. Those in charge of the paper include the following: James Martin, editor-in-chief; Carol Ann Wood, Frederick Schim, Mary Donnanna, Beverly Denton, news editors; Lee Kins, Carolec Leware, Charles Honniger, Robert Strong, sports editors; May Lou Craft, Joseph Kelly, Miriam Schechter, Shirley Hainey, story editors; Ronald Jones, Thomas Macmillan, Carol DuBois, Janet Hornbeck, poetry editors; Raymond Longmeyer, Joseph Ambrose, George King, Bernard Klinger, joke editors; James Millsap, Priscilla Thomas, Vincent Vandemark and Lennie Styles, art editors.

### Cowboy Convention

The fifth grade of School 6, Room 11, arranged and presented a "cowboy convention" for the school assembly April 20. On April 28 pupils presented the same program at School 5. Cornelius Freer was master of ceremonies and led the singing. Soloists were Kenneth Boudreau, Lee Kins, Dick Carrington, Billy Ewing, Howard Dawson, Ronald Jones and Barbara McCuskey.

### Project on Holland

Miss G. K. Netter's Grade 3 at School 6 recently completed a project on Holland. During the course of the study which included an appreciation of the skill, thrift, and industry of these people as well as their artistic ability, the children made illustrations of typical scenes of the Dutch people and their handiwork.

The raising of native flowers—tulips and hyacinths—from bulbs and seedlings and places which may be seen in Holland, proved both enlightening and interesting. The models included windmill, doorknobs, dikes and markets.

Items and pictures of Holland also were displayed by the students.

The cleanliness and the patience of the people of these lowlands in rebuilding their country after repeated destruction by the sea and by wars and also the importance of this country to the rest of the world was emphasized during the delightful study of this interesting country.

**Government Is Studied**

Miss Elston's seventh grade class has been studying about the city government in School 7.

Ernest Stouling, superintendent of the Board of Public Works, talked about the work of his department. Pupils visited the city laboratory where Miss Mavor Clark told the group about the work of the Tumor Clinic and showed students through the laboratory. They also visited the city hall. Captain William Roddel told about the work of the police department. The group then went to the Central Fire Station where Mr. Matthews told about their equipment and the firemen gave a demonstration of their fire truck.

## Miss Elnora Houghtaling Becomes Bride Of Robert McSpirt at St. Joseph's Church

Miss Elnora Houghtaling, daughter of Mr. and Mrs. Augustus Houghtaling of Port Ewen, was married yesterday to Robert McSpirt, son of Mr. and Mrs. Frank McSpirt, of the Sawkill road in a double ring ceremony at St. Joseph's Church.

The Rev. John D. Simmons officiated. The church was decorated with apple blossoms. Mrs. Frank Rufferty was organist and soloist. Mrs. Charles Benton sang traditional wedding selections.

Given in marriage by her father, the bride wore a Victorian gown of white satin with a long train and a three-quarter veil held by a beaded pearl headpiece. Maid of honor Anne McConnell of Port Ewen wore a gown of orchid net over taffeta with an orchid sweet pea headpiece and net mitts. She carried rosebuds and baby's breath.

Bridesmaids were Mrs. V. J. Harris, 84 Deerfield avenue, Waterbury, Conn.; Mrs. William Webster, Port Ewen, both sisters of the bride; Mrs. Edwin Doyle, Jr., Port Ewen, niece of the bride; and Sally Anne McSpirt of Sawkill road, Kingston, sister of the groom. They wore Nile green, maize, blue and pink rosebud taffeta with net overskirts, and net mitts, and carried bouquets similar to that of the maid of honor.

Flower girl was Donna Lee Harris, of Waterbury, Conn., niece of the bride. She wore white taffeta with a matching bonnet and carried rosebuds and baby's breath.

Frank McSpirt of the Sawkill road, brother of the groom, was best man, and ushers were William Webster, Port Ewen, James Row, 230 Main street, Luke Sheeley, 447 Washington avenue, and John Quigley, 154 Downs street.

After a reception at the Roseland for 120 guests, the couple left for a motor trip of the Adirondacks. For traveling, Mrs. McSpirt wore a flamingo suit with navy accessories and a gardenia corsage. The couple will live at 622 Broadway.

The bride was graduated from Kingston High School and Kingston Hospital School of Nursing. She is now employed as a staff nurse at the hospital.

The groom was graduated from Kingston High School and served two years in the Marine Corps. He is employed at the central post office.

**Girl Scout News**

**New Paltz and Highland**

A meeting of New Paltz and Highland Girl Scout leaders was held at the home of Mrs. Louis Smith in Highland last Thursday night. Mrs. Marjorie Hasbrouck, chairman of the Training Committee in Ulster county set up a training program and with the assistance of Mrs. Hazel Meade, new executive director for Ulster county presented new suggestions.

The "Outdoor Program" was the main topic and covered everything from day and overnight planning of hikes, and new recipes for a girl scout "nose bag" right down to new amusing and entertaining group games and songs. Instruction was given for making a combination supply bag and cushion made from oilcloth for standing equipment for camping. A demonstration was given on building a camp fire. Instruction was given for making a "buddy-burner."

A new safety motto: "A fire that is out is a fire that you can sit on" was learned.

May 13 was set tentatively as "planning day" at Camp Wendy, which would include basic outdoor training.

The evening closed with the serving of refreshments.

Kingston shoppers are reminded that the Kingston Girl Scouts are winding up their cookie sale May 17 through May 20. This sale is timed with the showing of the recent film "Women of Tomorrow" in the Kingston theatre on these dates.

**Leads English Council**

Syracuse, N. Y., May 15 (AP)—Mrs. Leah Drake of Binghamton, was elected president of the New York State English Council here Saturday. George W. Dawson, of Manhasset, was elected secretary, and Richard K. Corbin, of Peekskill, treasurer.

## Agudas Achim Women Hold Final Meeting; Mark Mother's Day

The Women's Group of Congregation Agudas Achim held its closing meeting of season Wednesday with a Mother's Day celebration. More than 125 persons filled the vestry room which was decorated with spring flowers and ferns. Silver vases of roses, tulips and sweet peas were on each table, and the word "Mother" was printed decoratively on the table cloths.

A brief business meeting was conducted by Mrs. Joseph Epstein, Miss Rae Weiner, president, and Miss Ida S. Epstein, were co-chairladies for the evening. Miss Weiner greeted the group while Miss Epstein presented each person with a corsage and delivered a brief talk entitled, "Say It With Flowers."

Epstein was the announcer, and Edith Werner and Sandra Margolis were ushers. The musical interlude included songs by Carole Epstein, Jerry Singer, Barney Millens, Phyllis Weiner and Henry Levy, accompanied by Sherma Werner, Myron Epstein and Mrs. Sarah Singer. Myron Epstein offered piano selections. Henry Levy, baritone, also was well received.

Dramatic entertainment for the evening was furnished by Paula Weiner.

The playlet, "Candlelight Service," directed and presented by Mrs. Raphael Klein, also was enjoyed with the following cast taking part:

Mrs. Jacob Kreppel, Mrs. Jack Epstein, Carole Epstein, Edith Weiner, Frieda Cohen, Naomi Laurie, Marilyn Alcon, Lorraine Margolis, Eleanor Cohen, Arlene Margolis Natalie Alcon and Ina Lipp.

The audience participated in the singing of the mother and daughter song and the National Anthem.

A social hour followed at which Mrs. Jennie Handler and Mrs. Bertha Walby were hostesses. Mrs. Harry Katzoff was chairlady of the refreshment committee.

**Capacity Crowd Hears**

**Rev. Hollis on Israel**

A capacity crowd of Jews and Christians filled B'nai B'rith auditorium Sunday night to hear the Rev. Harvey W. Hollis, executive secretary of the Federation of Churches of Christ in Albany, speak during the second anniversary celebration of the independence of Israel under the auspices of the Kingston Zionist District of America and B'nai B'rith.

The Rev. Mr. Hollis showed slides of Israel and of places holy to Christians and Jews. He pointed out that wherever he found Arabs in Israel living alongside Jewry, their living standards and health had risen tremendously.

He emphasized the unique immigration policy of Israel. For the first time in history, a new nation is accepting and paying for the transportation of as many people who are desirous of entering the country, without regard to health, financial status or political beliefs and rehabilitating them.

The Hudson Men's Chorus under the direction of Dr. David Levine, president of the Hudson Zionist District, sang a number of Israeli songs.

David Mandel and Richard Kallish represented the Kingston Zionist District and B'nai B'rith as co-sponsors.

**Newburgh Woman Killed in Crash On Monroe Road**

Monroe, N. Y., May 15 (AP)—Two women and a man were killed and six other persons seriously injured last night in a head-on collision of two automobiles south of here on Arden Flat.

Heavy Sunday traffic on state highway 17 was stopped for a distance of five miles for an hour and a half.

The highway is a main artery between New York city and the Catskill mountain area.

The dead: Sylvia Willner, 35, of (73 St. Paul Place) Brooklyn.

Mrs. Paula Guerrino, of Newburgh, N. Y., R. D. 1.

Harry Torres, 35, of (1292 Lafayette) avenue, the Bronx.

The six others, seriously injured, were taken to Tuxedo Hospital.

The two sedans struck with such impact that their front ends were almost obliterated.

State police said Torres was driving the southbound car.

The northbound car was driven, police said, by Natale Guerrino, 52, also of Newburgh, R. D. 1, whose wife, Paula, riding in the seat behind him, was killed.

Guerrino suffered a broken right arm and right leg, possible internal injuries, shock, and multiple cuts.

The Guerrino couple's daughter, Grace, 14, was another passenger in their car. Her right ankle was broken.

With her was 15-year-old Sylvester, also of Newburgh, R. D. 1, who suffered contusions of the head and a possible skull fracture.

In the car driven by Torres, police said, Sylvia Willner was one passenger.

The others were Sydel Brass, 24, of (192 East 9th St.) Brooklyn, who suffered a broken left leg, shock, and multiple cuts of the head; Matthew Fischer, 33, of (225 West 23rd St.) New York city, who sustained multiple contusions and a possible spinal fracture; and Esther Roswald, 28, of (215 West 9th St.) New York city, who suffered a broken right leg, severe head cuts and bruises.

## Smith Memorial Is Dedicated by Church and State

New York, May 15 (AP)—Both church and state united yesterday to praise the memory of Al Smith.

The occasion was the dedication of the Alfred E. Smith Memorial Building at St. Vincent's Hospital in Greenwich Village.

Sen. Brian McMahon, (D-Conn.), Gov. Thomas E. Dewey, Mayor William O'Dwyer and Francis Cardinal Spellman, Archbishop of New York, all joined in dedicating the former New York governor and 1928 presidential candidate.

After speaking in tribute to Smith, Sen. McMahon, who is chairman of the Joint Congressional Committee on Atomic Energy, called for the "mightiest peace crusade in American history" if mass destruction is to be avoided.

The Senator said he believes the unknown dangers of germ and atomic warfare are a brake on the "realists of the Kremlin" who "know that a branch of the peace will bring about their own destruction as well as ours."

But he said the initiative for peace must come from the United States, and urged an all-out effort by the U. S. and its allies to "banish mass-destruction weapons from the arsenals of the world."

Gov. Dewey praised Smith as an administrator who had helped to give New York "the best organized state government in the nation."

Cardinal Spellman spoke of Smith's efforts in raising funds for two of the hospital buildings, and Mayor O'Dwyer said the memorial building would be a "fitting monument to a sweet soul."

Mrs. Paula Guerrino, of Newburgh, N. Y., R. D. 1.

Harry Torres, 35, of (1292 Lafayette) avenue, the Bronx.

The six others, seriously injured, were taken to Tuxedo Hospital.

The two sedans struck with such impact that their front ends were almost obliterated.

State police said Torres was driving the southbound car.

The northbound car was driven, police said, by Natale Guerrino, 52, also of Newburgh, R. D. 1, whose wife, Paula, riding in the seat behind him, was killed.

Guerrino suffered a broken right arm and right leg, possible internal injuries, shock, and multiple cuts.

The Guerrino couple's daughter, Grace, 14, was another passenger in their car. Her right ankle was broken.

With her was 15-year-old Sylvester, also of Newburgh, R. D. 1, who suffered contusions of the head and a possible skull fracture.

In the car driven by Torres, police said, Sylvia Willner was one passenger.

The others were Sydel Brass, 24, of (192 East 9th St.) Brooklyn, who suffered a broken left leg, shock, and multiple cuts of the head; Matthew Fischer, 33, of (225 West 23rd St.) New York city, who sustained multiple contusions and a possible spinal fracture; and Esther Roswald, 28, of (215 West 9th St.) New York city, who suffered a broken right leg, severe head cuts and bruises.

# Gall in 'Fair' Condition at Hospital After Being Hit by Baseball

## Colonial Skipper Felled Saturday At Stadium During Batting Drill

# Morgan's-Merchants Open City League Today

Manager Emil Gall is resting comfortably in the Kingston Hospital today and our Colonials are resting in second place, a game and a half behind the pace setting Waterbury Timers, after an even break in the crucial week-end series at municipal stadium.

The Colonial skipper was rushed to the hospital Saturday evening after being struck on the left side of the head by a thrown ball during the Waterbury batting practice.

Felled by the stray toss, Gall was unconscious for several minutes before he was taken to the hospital where a preliminary examination disclosed a slight fracture of the skull.

His condition this morning was reported "fair" by hospital authorities. He will be lost to the club for several days. Ralph Matzer, utility infielder, who piloted the club in the two week-end games, will serve as temporary manager.

Gall's condition became so serious late Saturday night that a brain specialist was summoned from Albany Hospital for a possible operation.

However, further diagnosis revealed that no operation would be necessary and the Colonial manager was described as out of immediate danger.

**Gain Even Split**  
Despite the loss of their manager, the Colonials staged a spirited five-run rally in the eighth inning of Saturday's contest to score a 7-2 decision, their fifth straight, and move to within a half game of the leaders.

Waterbury spotted the Colonials a 5-1 lead in the first four innings of Saturday's daylight fracas but finished strongly for a 10-6 verdict to snap the five-game winning streak.

Waterbury had won seven straight prior to Saturday's defeat. A total of 1,297 persons saw the two games, 566 for Saturday's skirmish which was delayed by rain for ten minutes. A total of 741 paid admissions turned out under clear, sunny skies for Sunday's game.

**Applebaum Winner**  
Artie Applebaum, the impressive looking righthander, scattered nine hits effectively to nail down Saturday's decision. He walked five and struck out six.

Both runs off Applebaum were successive home runs in the fourth inning. Tom Mylnarek lashed a line drive which rolled over the left field corner and Frank Merola misjudged Johnny Morris' smash to right field for two four-ply wallops in a row.

Instead of folding, Applebaum rallied to pitch five scoreless innings. Kingston banged 12 hits off Knippen and Frankel, including two each by Chico Gerard, Joe Sposo, Charlie Aspromonte and Rudy Karson.

In Kingston's big eighth, Karson, Applebaum, Walther, Porter, Gerard and Merola contributed singles and the Timers added with three miscues for five tallies.

The Colonials collected only one hit off starter Dave Lewis in the first four innings of Sunday's game but led 5-1, due mainly to Lewis' excessive generosity but the Timers lowered the boom in starter Johnny Manopoli in the fifth.

Eleven men batted in the Waterbury fifth. Daniels, Pica, DeLucia and Kelly singled, Mylnarek rapped a double and two walks added up to all the trouble.

The Timers picked up four more tallies off reliever Bob Kunze in the seventh and eighth, Frank Navratil making his first appearance of the season, mopped up for Kingston.

**Reliever Stops Locals**  
Pete Fay, who relieved Lewis in the fourth, stopped the Colonials with only two hits and no runs in six innings. Eleven walks kept the Colonials in the game until Manopoli was routed.

Player-manager Johnny Morris and first baseman, Skeo Daniels, paced the Waterbury attack with three safeties each. Daniels had three RBIs.

Walther, Porter and Murray were credited with the three Kingston safeties.

The Colonials open a two-night stand in Bridgeport tonight. Glen Underwood will pitch for the locals.

### Colonial Roundup

(By The Associated Press)

The surging Waterbury Timers today had a game and a half Colonial League lead after defeating the second place Kingston Colonials 10-6 behind the two-hit relief pitching of Joe Fay.

Fay relieved Bob Lewis in the fourth with the bases loaded and limited Kingston to a single in the fifth. He pitched for the rest of the contest. Lewis had filled the bases with three successive walks to open the fourth.

The Timers converted five hits into five runs in a big fifth inning. Bridgeport, 5-2, and Poughkeepsie, 1-0, split a twin bill, but the Chiefs dropped into fourth place on percentage points.

Carlos Santiago, who had walked, scored on Hy Proski's fourth inning double for the Chiefs only tally in the opener; as Dick Blow held the New Yorkers to six scattered hits.

**Doyle Passes 12**  
Although the Chiefs didn't need them to win, they put five hits, two bases on balls, two wild pitches by Hal Smolens and two Bridgeport errors together for seven runs in the sixth inning to beat the Bees 10-2 in the night-cap.

In holding Bridgeport to six scattered hits, pitcher-manager Bob Doyle fanned 12, walked seven, hit two batters and chalked up three wild pitches.

Dick Kelly hit a 357-foot home run in the winning cuse as Bristol defeated last place Torrington 10-4, despite the fact the losers outthit the winners 13-10.

Torrington's record for the season now stands at one win and 10 losses.

The Owls scored eight times in the opening frame on seven hits, a balk, a pass and two Torrington miscues.

### Week-End Sports

Cleveland—Babe Zaharias increased her lead to seven strokes at the 108-hole mark of the Weather vane Transcontinental Golf tourney with a par 77 at Ridgewood Course.

Virginia Beach, Va.—Polly Riley of Fort Worth, Tex., won the Women's Southern Golf Association title by edging Dorothy Kirby of Atlanta, Ga., 1 up, in 36 holes.

Annapolis, Md.—M.I.T. edged Harvard by one-tenth of a second to win the Eastern Intercollegiate crew sprint championships.

Got Real Action

Trenton, N. J., May 15 (AP)—Patrons attending a film called "Red Hot and Blue" at a drive-in theatre near here abandoned the movie to watch red and blue flames on the highway when some gas tanks blew up. A truck crashed into the rear of an auto on U. S. Route 1 last night, and both gas tanks exploded, one after the other. Police said a truckload of meat was routed and traffic was jammed for a mile, but neither driver was injured.

Lindell on Block

The Yankees also announced that pitcher Clarence Marshall and outfielder Johnny Lindell would be among the missing by deadline time.

Marshall, who accompanied the team to St. Louis, has been informed that a deal is pending with another club involving him. Lindell has been left behind pending a transaction that will transfer his services to some other club. The Yankees admitted negotiations were under way for a trade.

New York, May 15 (AP)—Big Johnny Mize, for 14 years one of the most feared hitters in the major leagues, was sent to Kansas City by the New York Yankees today.

Two other players were consigned to the American Association farm along with Mize, who was bought by the World Champions last August from the New York Giants. They were pitcher Duane Pillette and infielder Al (Billy) Martin, both of whom were optioned on a 24-hour recall basis.

Mize will leave immediately, Pillette and Martin will accompany the Yankees to Chicago and will not move until the Wednesday deadline.

### Russell Pins Cosenza In Sensational Bout

Argentine Rocca's "back breaker" demolished Golden Superman in the surprising time of 16 minutes in the feature bout on Saturday's card at the municipal auditorium.

But the biggest excitement was created by the semi-final brawl between Rebel Russell of Boston and popular Tony Cosenza of Flushing, L. I.

Russell pinned Cosenza in 23 minutes after the wildest and dirtiest bout seen in Kingston since the return of wrestling.

Promoter Bill Johnston, Jr., highly pleased with the fan reaction to the Russell-Cosenza brawl, promptly announced that the brawling cauliflower-eared Russell would meet Primo Carnera, former world's heavyweight boxing champion on Saturday, May 27.

Rocca, 220, flattened Superman with a shoulder press and half flying mule after the "back breaker" had softened the former physical culture wizard.

Torres Beats Bertucci. Superman gave Rocca terrific argument in the first ten minutes but was unable to elude Rocca's famous flying leaps and footlocks. He weighed 228. It was his first defeat in an eastern ring.

The Russell-Cosenza bout was a rough house affair in which Russell threw the sub rosa book at the handsome Cosenza. Russell barely escaped disqualification a couple of times for eye-gouging and other similar tactics.

Miguel Torres, Mexico, pinned Lew Bertucci, the Montreal Mid Man, in 26 minutes of a scheduled 30-minute bout.

Kola Kwariant, the Russian Bear, was disqualified after 12 minutes, 10 seconds of the opening bout against Harry "Bad Man" Fingelstein of Boston.

Bill Singer, of Kingston, served as timekeeper and Wesley "Bo" Gill, of Newburgh, was the announcer.

Promoter Johnston said that Tony Cosenza would also appear in the supporting cast to the Carnera-Russell headliner on May 27.

### Arrest 46 Men At Cock Fight

Sugar Loaf, N. Y., May 15 (AP)—State Police arrested 46 men and four women last night for attending a cock-fight at Black Meadow Country Club, Orange county.

The police reported they also confiscated 21 live fighting cocks, nine dead ones, and 25 crates used for transporting the birds.

All the defendants pleaded guilty to the charge of witnessing a cock fight, a violation of the state penal law.

Justice of the Peace Frank S. Green of Chester, N. Y., went to the scene and imposed \$10 fines. All paid except one man who said he had no money.

Green suspended sentence on this defendant, listed as Stewart Dunkley, 70, of North Haledon, N. J.

Two men escaped before the police arrested the 50 persons. Police said their identities will be issued.

A cock-fight was in progress between two birds when six state police led by Lt. H. J. Sanderson descended on the club, they said.

The confiscated birds and crates were turned over to Dr. M. J. Donohue, Cornwall, N. Y., representative of the American Society for the Prevention of Cruelty to Animals.

Notes—allowed only four hits in five and two thirds innings of relief against the New York Yankees as the Athletics overcame a 7-1 deficit to win, 9-8.

### Levy and Rybinaker Opening Day Hurlers

Morgan's Restaurant and Colonial Merchants launch another season of twilight baseball for the City Baseball League today at 6 p. m. at the Athletic Field.

Eight teams are poised at the barrier for what is expected to prove the most successful season in history.

President Charles J. "Jimmy" Truck will officiate at pre-game ceremonies at 6 p. m. The contest will be broadcast.

Unofficial opening day batteries are Henry Levy and Vince Stoll for Morgan's Restaurant and Bob Rybinaker and Harold Hyatt for Pucker Davis Merchants.

The eight franchises represented this season are all holdovers from 1949. They are:

Morgan's Restaurant, Colonial Merchants, Jones Dairy, Ferraro's Bowldrome (formerly Frank's Sport Shop), Boulevard Gulf, Wittwyck Motors, Chez Emile, Old Capital Motors.

The first week's schedule:

Monday—Morgan's vs. Colonial Merchants.

Tuesday—Jones Dairy vs. Ferraro's Bowldrome.

Wednesday—Boulevard Gulf vs. Wittwyck Motors.

Thursday—Chez Emile vs. Old Capital Motors.

Friday—Morgan's vs. Jones Dairy.

### New Doubles Leaders In A.B.C. Tournament

Columbus, O., May 15 (AP)—Changes in every division of the American Bowling Congress were marked up during the week-end, but yesterday's shooting generated much less heat than Saturday's.

Best Sunday performance was turned in by Pat Patterson of St. Louis, whose 707 in the singles shot him up to a tie for third in the division and gave him 1940 and second place in all-events.

Saturday's shooting saw William Groom of Philadelphia go in to first place in singles with a roaring 722 and into ninth in the all events with 1876.

New leaders in the doubles also popped up Saturday when Cliff Rohling and Bob Stewart of Columbus, O., teamed for 1302, first doubles score on the month-old tournament to top 1300.

The Reunee Paint Co. team of St. Louis broke into the first ten in the team event Saturday with a 2880, good for eighth place.

# Buffalo Team Leads In Class A Doubles

**Vogelsang-Dascomb Tandem Cracks 1156**

High powered Buffalo and New York bowling squads tried unsuccessfully to dislodge the Nassau County Bowling School from the Class A lead in the state women's tournament over the weekend.

But Buffalo did produce the new Class A doubles leaders in Mary Dascomb and Ethel Vogelsang, who posted 1156 with games of 384, 377 and 385.

Mrs. Vogelsang, 1935 singles champion, blasted 603 with 208-201-197, while Miss Dascomb furnished 180-170-184-553.

**Folds in Singles**  
With 591 in the team event and 603 doubles, Miss Vogelsang needed only 491 to overtake the all-events leader, Helen Carr of Rochester, but she suffered a horrendous slump to 414 in the singles for a 1604 overall. Her singles series was ruined by 15 open frames.

Led by Dot Kreamer's 569 series, Cirin Motors of New York rolled 2544 for the best Class A effort over the weekend. Mildred Faruolo shot 508, Gladys Fuchs 418 and Marge Burton 511.

Faruolo proceeded to bag the best singles score with 575 on games of 162-158-253. The 255 is the highest single rolled to date in the tournament.

Irene Winters' 546 (172-172-202) led Muscarella's Dry Cleaning of Niagara Falls to a 2500 total. Mae Edlice shot 526 and Ann Certo 565.

**W-A's Hit 2488**  
The powerful Wagner-Adler quintet of New York failed to challenge the leaders when it compiled only 2488, via 812, 836, 820, Rita Marchut, the blonde with the tremendous backswing led the squad with 201-315, Stella Tencz shot 505 and Helen Zank 508.

Vogelsang of Buffalo rolled 621 in Ethel Vogelsang rolled 201-199-191-501. O'Keefe's Old Stock hit Buffalo hit 2415. Helen Kamininski anchored with 207-194-158-459 and Mary Quinn had 503.

Defending all-events champion, Helen Greene, of Buffalo, failed in her bid to repeat, posting a nine-game total of 1530 on 504 team event; 566 doubles and 478 singles.

**Major League Roundup**  
By JOE REICHLER  
(Associated Press Sports Writer)  
If Stan Musial isn't the greatest hitter in baseball today, then his figures are mighty deceptive. At that, some of his slugging feats this season have been almost unbelievable.

One look at Musial's sky-scraping .467 batting mark and it is easy to understand why the St. Louis Cardinals are in second place only a half length behind the pace-setting Philadelphia Phils.

The mighty Cardinal ace smacked a single, double and triple yesterday to lead St. Louis to an 8-7 triumph over the Cincinnati Reds. He drove in a run and scored twice.

**Happ "9 for 9"**  
Johnny Hopp, veteran Pittsburgh first baseman, enjoyed the best batting day of his major league career as the Pirates swept both ends of a doubleheader from the Cubs in Chicago, 6-5 and 16-9. Hopp collected six hits in six times at bat in the second game. He smashed two home runs, drove in three runs and scored three times.

The six-game winning streak of the Phillies went by the boards when the New York Giants won a 4-3 thriller in the opener of a doubleheader in Philadelphia. Successive triples by Willie Jones and Dick Sisler had the tying run on third with only one out in the ninth. Larry Jansen, however, batted down to retire the next two batters without a score.

The Phils came from behind a 6-1 deficit to forge ahead, 9-7, at the end of eight innings of the nightcap. The game was halted at this point by the Pennsylvania curfew law. Under new National League rules, it will be resumed from that point on when the two teams meet again in Philadelphia. Until then, the game will not figure in the standings.

**Cooper on Strunk**  
Walker Cooper continued his heavy hitting a new joining Boston, but he could not prevent the Brooklyn Dodgers from gaining a 6-4 triumph over the Braves.

## Buffalo Keglers Top State Tourney Doubles

Syracuse, N. Y., May 15 (AP)—Sam Contrino and S. Ruffino of Buffalo are leading the doubles division of the State Men's Bowling Tournament.

They posted a 1348 total yesterday. Contrino hit 606, Ruffino rolled 520, and they had a 222-pin handicap.

J. Florio of Seneca Falls blasted 680 for a new actual-pin mark in the singles of the 25th annual tourney. With a handicap, he had 713 good for third place. Stanley Duda of Solway leads the singles, with 726.

Matt and Stan's Tavern of Buffalo rolled into second place in the team standings, with 3268, including a 411-pin handicap. The total was eight pins short of the leading Wickwire's Wire Mills of Cortland.

Everybody's Market No. 2 of Niagara Falls has the high team score in actual pinning, 2989. F. Stenke of Albany is leading the handicap all-events, with 2008 and J. DiGlia of Buffalo tops the open all-events, with 1855.

## Reserves Elect New Officers, Pick New York for '51

Lt. Commander William M. Thomas, USNR, of Troy, was elected president of the Department of New York Reserve Officers Association, in convention here Saturday afternoon. He will serve for a one-year term, succeeding Lt. Col. Walter E. Hopner, Jr., of New York.

Commander Thomas during the war served in the Navy's office of procurement and material. He is now a partner in an Albany brokerage firm. He is a graduate engineer from R.P.T.

One Ulster county resident was elected to state-wide office. He is Father John F. Kelly of Rosendale, a navy reserve lieutenant, who was elected to the post of chaplain.

Other officers elected included: Lt. Col. Thomas Shallercross of Grondage, vice-president for air; Col. Garland Williams of New York city, vice-president for Army; Capt. Robert G. Burke of New York, vice-president for Navy.

Area vice-presidents elected were Col. Abbott Oberdorfer, New York, for the metropolitan area; Capt. Stanley J. Warner of Albany, central area, and Lt. Wilfred G. Purdy, Ithaca, western area.

Lt. Joseph Gallagher, Jr., of Albany, was re-elected historian. Mel. William Cogan of Manhattan was elected judge advocate, and Capt. Emanuel Abramson of Sidney was elected Surgeon.

The delegates at the convention Saturday voted to accept New York's city invitation to hold the department's 1951 convention in that city. The convention dates will be fixed by the executive committee, but according to the constitution must be between April 1 and May 15.

The Department of New York delegates also unanimously approved a resolution endorsing an invitation for the national organization of Reserve Officers to hold its 1952 convention in New York.

Another resolution approved unanimously was one endorsing the candidacy of Col. Charles W. Skelle, of DeRuyter, N. Y., retiring state vice president for air, for the national presidency of the organization. The resolution instructed the Department of New York delegates to the National Convention in June to support Col. Skelle.

Many of the speakers at the state convention here last Friday and Saturday stressed the need for increased activity on the part of local chapters to recruit new members, in the face of what they termed an "alarming" decrease in membership.

The report of Capt. Howard W. Connelly, secretary-treasurer, disclosed that the membership in the
